Experience/Reference Letter

This serves as a letter of reference for Mr. KAMLESH CHANDRA SRIVASTAVA.
Kamlesh has been working at Siemens COM MD (Mobile Division) in Munich Germany since Oct 2003. He is on deputation from Siemens Information Systems Ltd, India.

Kamlesh joined us to provide technical consultancy for Siemens Telecommunications and Mobile Phone Division. He worked on application tests for different generations, platforms and products of Siemens Mobile Phones. The main area was applications for Symbian/S60 smart phones and 3G based phones. The work covered product requirement analysis, test planning and specification, test execution and incidents handling. He has excellent knowledge on GSM and 3G standards. Kamlesh worked close with several people from my team. He finished his tasks in time with excellent quality. He was able to work independent as well as in teams.

He also has sound knowledge on Siemens mobile product development processes and CMM quality processes. Kamlesh Chandra Srivastava is considered as a key asset to our department and organization.

Overall, Kamlesh is a highly skilled, conscientious and capable software engineer. I strongly recommend Kamlesh for any Telecom, Mobile, Software engineering position where technical expertise, analytical skills, speed and accuracy are required.

I wish Kamlesh Chandra Srivastava in his future Endeavour all the best!!

Sincerely,

Martina Obermeier
